

# Muhammad Rakibul Shuvo

**Creative Frontend Developer & UI/UX Designer** Dhaka, Bangladesh **Phone:** +8801404591770 | **Email:** m.rakibul.h45@gmail.com **GitHub:** <https://github.com/rakibulhasanshuvo> | **Portfolio:** <https://my-portfolio-sand-six-36.vercel.app/>

## Professional Summary

Computer Science & Engineering student and Creative Developer specializing in high-performance web applications and immersive digital experiences. I bridge the gap between complex logic and cutting-edge aesthetics, utilizing AI-accelerated workflows to rapidly prototype and deploy production-ready code. Passionate about building modern, "cyber-aesthetic" interfaces that prioritize both speed and visual impact.

## Technical Skills:

- **Frontend Frameworks:** React, Next.js, TypeScript, JavaScript (ES6+).
- **Styling & UI:** Tailwind CSS, shadcn/ui, CSS3.
- **3D & Interactive Design:** Spline, Luma AI Genie, Figma, Adobe Photoshop, Adobe Illustrator.
- **Deployment & Version Control:** Vercel, Git/GitHub.

## Selected Projects:

### Interactive Cyber Portfolio *(Live on Vercel)*

- Designed and deployed a high-performance personal portfolio utilizing Next.js and Tailwind CSS.
- Engineered interactive 3D web elements using Spline and Luma AI Genie that react dynamically to user input.
- Focused on minimal design styles, grainy gradients, and a cohesive cyber aesthetic.

### Modern E-Commerce Ecosystem

- Developed a full-scale **e-commerce** storefront and multi-page retail landing pages.
- Integrated **shadcn/ui** and **Tailwind CSS** to ensure rapid development, responsive layouts, and a high-conversion user experience.

### Rapid Prototyping & Landing Pages

- Executed a **28-day** intensive development sprint to build and deploy multiple web applications.
- Streamlined the pipeline from high-fidelity Figma wireframes to type-safe, functional code, drastically reducing deployment turnaround times.

## Education:

- **B.Sc. in Computer Science & Engineering (CSE)** | Bangladesh Open University | 2026 - Present
- **Higher Secondary Certificate (HSC)** | 2022 | **GPA: 4.75/5.00**

## Experience:

### Freelance Web Designer & Developer | 2025 – Present

- Translating client design concepts into functional, scalable web interfaces.
- Managing digital content strategy and visual consistency across frontend components.
